

FOOD EQUIPMENT MAKER BOOSTS SENIOR TEAM

21 Nov 2017 Central and East Manufacturing

A food processing equipment maker based in Norwich has strengthened its engineering team with a new hire.

Michael Pye has joined Fabcon Food Systems' 24-strong team, taking on project management in the company's UK, European, Middle Eastern and African markets.

Trevor Howard, managing director of Fabcon, said: "To have someone with Michael's credentials here at Fabcon is tremendous for us and he will play an important role in our expansion.

"His knowledge and experience is already benefiting our customers as we work with them to design and install a variety of new systems and machinery which meet their needs."

Pye added: "Fabcon is establishing itself as an innovative manufacturer and supplier of production machinery to the food industry. I am delighted to be part of the team and to have the opportunity to play a role in the company's ongoing success."

Fabcon Food Systems was founded in 2015 and its product range includes frying, weighing, seasoning and packaging machines.
